SEPTEMBER 2021

## DISCLAIMER

This presentation has been prepared by LQwD FinTech Corp. ("LQwD" or the "Company"). It does not purport to contain all the information that a prospective investor may require in connection with any potential investment in the Company. You should not treat the contents of this presentation, or any information provided in connection with it, as financial advice, financial product advice or advice relating to legal, taxation or investment matters.

This presentation does not include all available information in relation to the business, operations, affairs, financial position or prospects of the Company. No representation or warranty (whether express or implied) is made by the Company or any of its shareholders, directors, officers, advisers, agents or employees as to the accuracy, completeness or reasonableness of the information, statements, opinions or matters (express or implied) arising out of, contained in or derived from this presentation or provided in connection with it, or any omission from this presentation, nor as to the attainability of any estimates, forecasts or projections for this presentation.

This presentation is provided expressly on the basis that you will carry out your own independent inquiries into the matters contained in the presentation and make your own independent decisions about the business, operations, affairs, financial position or prospects of the Company. The Company reserves the right to update, amend or supplement the information contained in this presentation at any time in its absolute discretion (without incurring any obligation to do so) without any obligation to advise you of any such update, amendment or supplement. The delivery of this presentation shall not, under any circumstance, create any implication that there has been no change in the business, operations, affairs, financial position or prospects of the Company or that information contained herein is correct after the date of this presentation.

Neither the Company nor any of its shareholders, directors, officers, advisors, agents or employees take any responsibility for, or will accept any liability whether direct or indirect, express or implied, contractual, tortious, statutory or otherwise, in respect of the accuracy or completeness of the information contained in this presentation, for any errors, omissions or misstatements in or from this presentation or for any loss howsoever arising from the use of this presentation. Any such responsibility or liability is, to the maximum extent permitted by law, expressly disclaimed and excluded.

This presentation does not constitute, or form part of, any offer or invitation to sell or issue, or any solicitation of any offer to subscribe for or purchase, any securities of the Company, nor shall it form the basis of or be relied upon in connection with, or act as any inducement to enter into, any contract or commitment whatsoever with respect to such securities. Under no circumstances should this presentation be construed as a prospectus, advertisement or public offering of securities.

## FUTURE MATTERS

This presentation contains reference to certain intentions, expectations, future plans, strategy and prospects of the Company.

Those intentions, expectations, future plans, strategies and prospects may or may not be achieved. They are based on certain assumptions, which may not be met or on which views may differ and may be affected by known and unknown risks. The performance and operations of the Company may be influenced by a number of factors, many of which are outside the control of the Company. No representation or warranty, express or implied, is made by the Company, or any of its shareholders, directors, officers, advisers, agents or employees that any intentions, expectations or plans will be achieved either totally or partially or that any particular rate of return will be achieved.

Given the risks and uncertainties that may cause the Company's actual future results, performance or achievements to be materially different from those expected, planned or intended, you should not place undue reliance on these intentions, expectations, future plans, strategies and prospects. The Company does not represent or warrant that the actual results, performance or achievements will be as intended, expected or planned.

## CONFIDENTIALITY

Your receipt of this presentation constitutes your agreement, on behalf of yourself and your representatives, to maintain the confidentiality of the information contained in this presentation. Other than upon prior approval by the Company, any reproduction or distribution of this presentation in whole or in part, any disclosure of its contents or any use of any information contained in this presentation for any purpose is strictly prohibited.

## Bringing Bitcoin to a Billion People.

The Lightning Network is the monetary network of the future and will change the way you think about Bitcoin.

LQwD is securing a substantial position in Bitcoin, which we will use to establish nodes and payment channels on Bitcoin's Lightning Network. This layer 2 technology solves Bitcoin's scaling issue and unlocks its potential as a decentralized, scalable global payment rail.

We are a Lightning Network Service Provider- We make it easy for companies to integrate and use the Lightning Network.

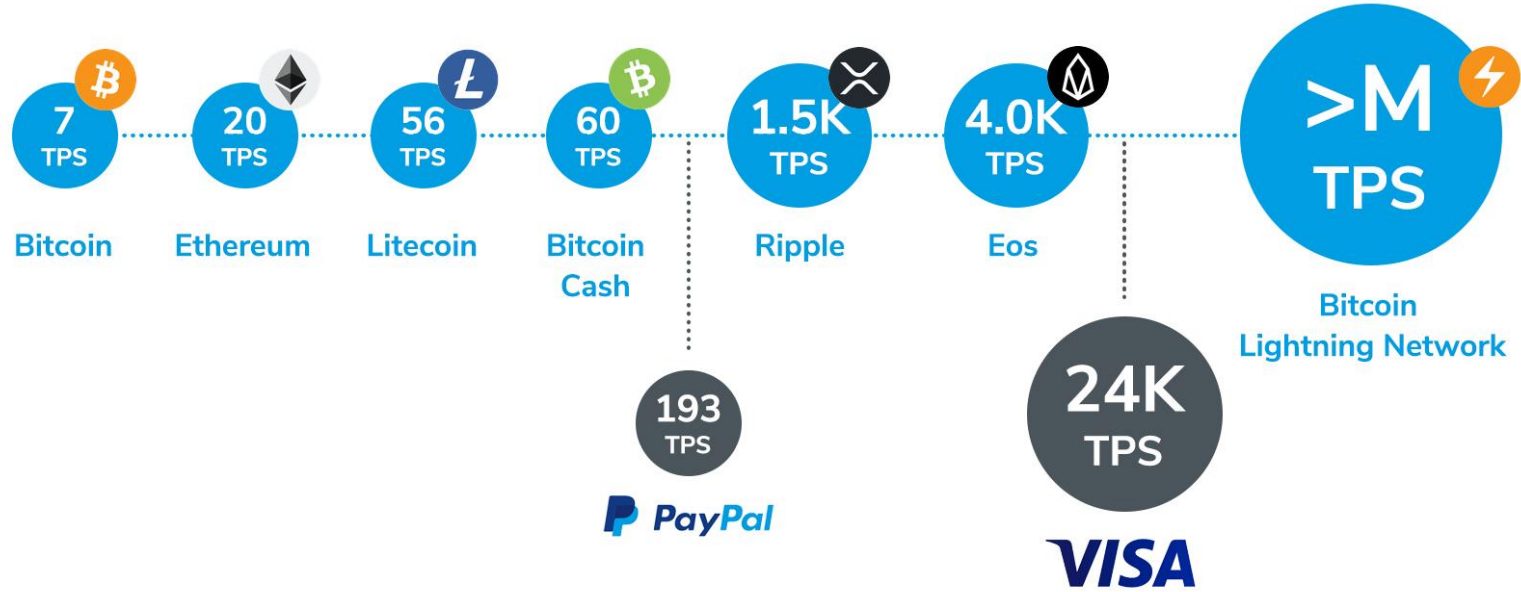

We provide clients Lightning Nodes & Payment Channels as a service, auto deployed by our platform for a monthly fee.

We stake our Bitcoin on the Lightning Network. We earn fees for helping the Lightning Network function by leasing our Bitcoin to payment channels in order for them to operate properly.

Transaction Speed of Different Blockchain Projects

| The World is Talking About Lightning

The Lightning Network is a "layer 2" solution made up of a network of nodes connected via payment channels.

- Scalable, global, open, inclusive, permission-less, and decentralized.
- It is already built, functioning and growing at double digit rates.
- Built on top of the Bitcoin blockchain and enables scalable, instantaneous payments at massive scale.
- Lightning Network will bring Bitcoin to the next 1 billion people.

[Elon Musk Says Lightning Network 'Needed' to Scale Bitcoin for Now \(coindesk.com\)](https://www.coindesk.com)

[Jack Dorsey says he will integrate Lightning Network into Twitter or BlueSky \(cointelegraph.com\)](https://www.cointelegraph.com)

Elon Musk  
@elonmusk

Replying to @BTCsessions @TeslaGong and @wintonARK

Achieving truly decentralized finance – power to the people – is a noble & important goal.

Layer count depends on projected bandwidth & compute, both rising rapidly, which means single layer network can carry all human transactions in future imo.

For now, Lightning is needed.

AS OF AUGUST 30, 2021

Network Capacity (\$USD) **\$114 M**

Avg. Node Capacity (\$USD) **\$7,558**

Avg. Channel Capacity (\$USD) **\$1,669**

Network Capacity Satoshi **237.79 B**

No. of Nodes **25856**

No. of Channels **68355**

New Nodes in Last 24H **58**

Nodes with Active Channels **15106**

New Channels in Last 24H **503**

1

Offer PaaS for Lightning Network Nodes, Payments channels.

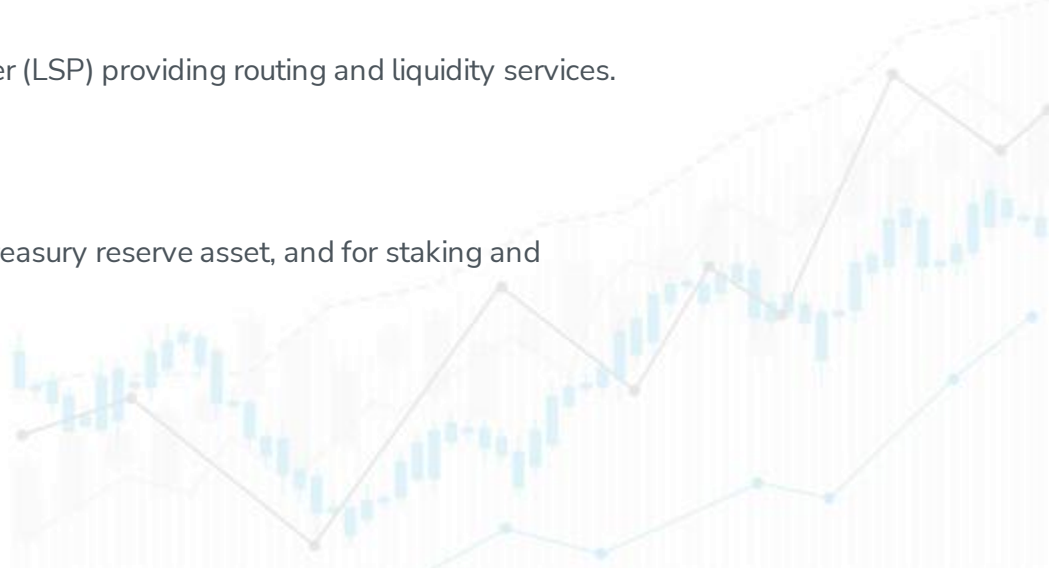

2

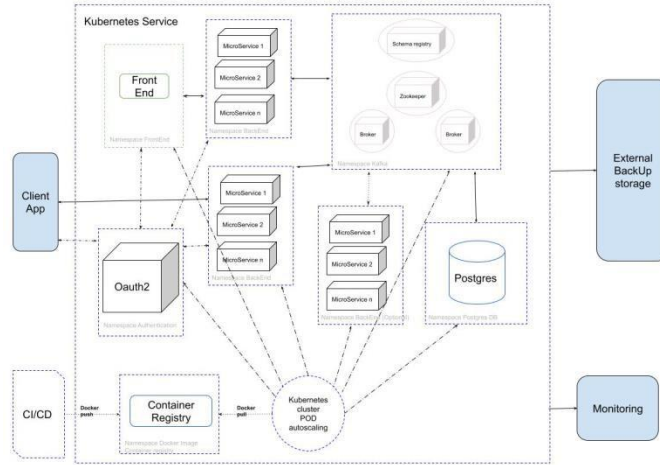

Network Service Provider (LSP) providing routing and liquidity services.

3

Accumulate Bitcoin as treasury reserve asset, and for staking and liquidity.

- Sophisticated backend is functioning.
- Product is going into Beta; Pre-MVP is nearly complete.
- Designed to be highly scalable and flexible positioned for the coming network growth.
- Design, planning and development started in Q4, 2019.

## Features

P2P payments & remittance

Gig economy platforms & networks

Digital asset exchanges

Gaming industry

## | Success Metrics

- 1** Nodes & Channels
- 2** Transaction Volume
- 3** Brand Recognition
- 4** BTC Holdings & Earnings

Our goal is to build a strong brand & capture valuable "land" in the highly sought-after digital payments industry.

Q2  
2021

### LSP Services Launch

Emphasis: Launching our technology

Q4  
2021

### Payment Channel Revenue & Transaction Fees

Emphasis: Securing market share and growth

## Catalysts

- Lightning network growth estimated to accelerate Q4 2021 / Q1 2022.
- Revenue from strategic acquisitions.

# Shone Anstey

| CEO & Founder

Shone Anstey brings 20 years of experience in building complex technologies and software primarily within search, analytics and data center operations. He has been engaged with cryptocurrency since 2012, has acted as technology lead for an industrial Bitcoin mining and Bitcoin mining pool. In addition, Mr. Anstey is a Certified Bitcoin Professional as well as a Certified Cryptocurrency Investigator.

Shone is also a [Director and Founder of BIGG Digital Assets \(CSE: BIGG | OTCQX: BBKCF\)](#), responsible for bringing the team together in 2015 and originating the company's core analytics products [QLUE](#), [BitRank](#). These tools are used to mitigate the AML risk associated with cryptocurrency and are currently utilized by [US Federal law enforcement](#) in Washington DC, along with cryptocurrency companies globally. During his time leading the company, Mr. Anstey oversaw its go-public transaction in late 2017, capital raises of an aggregate \$23.2 million, and the ~\$3 million strategic acquisition of [Netcoins](#) in August 2019. Recently, BIGG hit unicorn status with a \$1 billion market cap.

**Dean Sutton** | **Director** 

**Co-Founder**

Mr. Sutton is a technology founder, venture builder and investor with over a decade of experience leading technology-centric companies from inception through financing and commercialization.

As an active participant in the fintech, blockchain and digital currency ecosystem since 2014, he has led a number of novel financings, is an advisor to fintech's in Canada and the US, a director of Blockchain Canada, a member of the Forbes Tech Council, and a Co-Founder of Atlas One Digital Securities, a Canadian digital investment bank.

**Albert Szmigielski** | **CTO** 

**Co-Founder**

Albert Szmigielski is a technologist, computer scientist, and digital currency expert. Albert holds a B.Sc. in Computing Science from Simon Fraser University, and a Master's of Science in Digital Currencies and Blockchain Technologies from the University of Nicosia, Cyprus.

Albert discovered Bitcoin in 2011 and became fascinated with the technology, deciding to turn his career towards this exciting space. He has been trading digital currencies since 2013. Mr. Szmigielski was the Head of Research and Chief Blockchain Engineer at Blockchain Intelligence Group ([CSE: BIGG](#)).

**Barry MacNeil** | **CFO**

Barry MacNeil is a member of the Chartered Professional Accountants of BC with more than 30 years of management and accounting experience in public company, private practice and industry. His previous positions include Director of Public Companies and Non-Profit Societies, Chief Financial Officer, Corporate Controller and Accountant.

**Robin Ford** | [Advisor \(Compliance\)](#)

After 25 years as a public-sector lawyer and regulator, Robin is now consulting in the areas of financial services regulation, governance, and compliance. She has extensive experience working with and advising regulators and the regulated, leading projects and teams, and facilitating organizational change. Robin has served as Executive Commissioner at the BC Securities Commission, Chief Counsel, Insurance at the UK Financial Services Authority, and legal adviser to the UK and British Columbia Governments. She played an important role in an ambitious program of regulatory reform and in integrating 9 regulators into the newly formed UK FSA, as it became a more analytically disciplined, risk-based, and outcomes-focused regulator.

**Joost Jager** | [Advisor](#)

Mr. Joost Jager is a Bitcoin and Lightning Infrastructure Engineer with a M.Sc. in Computer Science from Radboud University with a specialization in artificial intelligence. Mr. Jager has worked with San Francisco-based Lightning Labs as a lead developer and delivered multiple groundbreaking Lightning features such as hodl invoices, tlv records and probability-based routing. Currently Mr. Jager works with [Bottlepay](#), where he provides Lightning Network expertise for the development of their European focused wallet solution.

**Roy Sheinfeld** | [Advisor](#)

Mr. Roy Sheinfeld is a software engineer and the co-founder and CEO of [Breez Development Ltd.](#), a privately held Tel Aviv based company that builds interfaces for the Lightning economy. The Breez App is a P2P Lightning Network interface where users can buy, sell, and pay for goods, services, and streaming content with a non-custodial, seamless, and open platform. Previously, he was the Co-founder and CTO of [harmon.ie](#), a company building apps for the Digital Workplace, helping information workers professionals access and collaborate using a variety of leading cloud and on-premises services from Microsoft, IBM, Salesforce, and others.

## Public Company

We aim to leverage our position as a public company to enhance trust in our products and services, more easily access capital through the markets, leverage our stock as currency for acquisitions, roll-up and growth, as well as to attract and retain top industry talent.

Accretive growth by targeting up and coming Lightning Network projects and LSP's. Rolling up LSP's and Lightning Network payment & service companies will allow us to grow quickly.

## Goals

- Secure market share
- Acquire bitcoin (used for our network and holdings)
- Expand into additional Lightning Network/DeFi tech to grow market share
